ETRURIA

A decorative flourish or crest element, rendered in a golden-yellow color, positioned below the word 'ETRURIA'. It features symmetrical, ornate scrollwork and floral motifs.

# « ETRURIA »

Etruria existed in Central Italy and served as inspiration for much of Greco-Roman culture, architecture and design. The Etruscans gave to the Greeks the arch and the Olympic Gods, while the Romans built masterpieces like the Capitolium, Cloaca Maxima and Via Sacra under the rule of Etruscan kings. Etruria by Ragazzi Fine Furniture preserves a legacy of advanced styling and inspirational design.
